For future reference, when you want to log in next time, go to www.simtics.com and click on Log In. Use your email address and the password you selected when you registered. Then click on “Hello” to view your account details.

See you online!

Kind regards

SIMTICS

Now when you want to access SIMTICS, go to the Osteopathic Medicine Library guide and click on the link for SIMTICS (listed under the Images & Multimedia tab) and log-in with your NSU Sharklink ID and password. Then click on “LOGIN” and login with your email and SIMTICS password that you created.
To find a module, click/choose SHOP from the Menu across the top.

Browse the list and select the module that you would like to view. Click on [Buy now $0]. There should NOT be a dollar amount listed!
On the next screen, you will now see “Your credit card will be charged $0.”
Click on “Confirm Purchase”.

Now, click on “Launch”
Next click on “accept”

You have the option of watching a SIMTICS tutorial.

Would you like to do a tutorial on how to use this application?

Yes  No

Don’t show this message again.
Click on the name of the module, to open it.

Be aware that the more modules you work through, the longer the above list will become. You will need to click on the name of the module to open it.

If you forget the name of the module you are working on, since this screen will have opened in a new window, you would be able to look at the other browser tab and see the title of the module. Then you can choose that from the list.
Explore the module - Navigate through the Anatomy, Video and Simulation/Quiz sections

**Administer Subcutaneous Injections**

Introduction

Learning objectives

Key terminology

Pre-procedure considerations

There will be text on the main page which includes the Learning Objectives, Key Terminology, and Pre-procedure considerations.

The text will also contain hyperlinks, illustrations, animations and references.

** Each of the options on the Menu, when chosen will automatically enlarge to take up the whole screen. You will be able to navigate through each section, but when you want to continue or go back, you will have to click this diagonal arrow in the upper right corner of the screen to bring the Menu back so you can navigate through the module.
