THOMSON REUTERS
PRACTICE POINT™
THE POINT WHERE LESS DIGGING MEETS MORE DOING
“For me, one of the greatest benefits of Practice Point is that it classifies information based on practice area, using menus organized in a way that intuitively makes sense. Practice Point allows me to get back to the client in a timely, responsive manner, with information I know is correct.”

NICK VIVIAN

THE POWER OF PRACTICE POINT

Thomson Reuters Practice Point™ integrates Practical Law™ know-how resources, Thomson Reuters Westlaw™ primary law content, forms, secondary sources, and other time-saving tools in one place.

Practice Point is uniquely organized by practice area and task, making it easier for you to focus on what needs to get done – without having to sort through what you don’t need. You get precisely what you need to deliver your best work faster and more efficiently, all from one innovative solution.

Developed to provide a better way to work for attorneys who advise, negotiate, and draft legal documents to ensure that business dealings comply with relevant statutes and regulations.

- Integrated Practical Law™ know-how resources, Thomson Reuters Westlaw™ forms and secondary sources, and time-saving tools in one place, on one platform
- Organized by practice area and task
- Curated by Practical Law attorney-editors

Go to practicepoint.thomsonreuters.com and log in using your OnePass credentials. You’ll be taken directly to the homepage. From the homepage, choose your practice area to begin your project.

THE PRACTICE POINT EXPERIENCE

BROWSE NAVIGATION

Browse by task: Practice Point menus are organized by legal tasks and issues, making it easier for you to identify the resources you need. Select a task and hover with your mouse. As a menu expands, the task topics become more specific. Practice Point automatically filters resources as you move through the menu.

Browse by content: You can also narrow your search results by content type. Find Practical Law know-how, secondary sources, and other resources that automatically update based on the topic or task you choose.

INTEGRATED CONTENT

Practical Law: Access thousands of up-to-date practical know-how resources for a better starting point for your matter. Trusted resources include practice notes, standard documents and clauses, checklists, toolkits, legal updates, state-specific guidance, and more.

Westlaw® Forms: Choose from more than 600,000 forms – including state and national text forms, fillable PDF forms, checklists, and clauses.

Secondary sources: Review the largest collection of premier analytical titles, authored by leading practitioners, professors, judges, and in-house editorial experts.

Statutes, regulations, and more: Westlaw provides full coverage of statutes and regulations covering all 50 states, the District of Columbia, and other territories – as well as the most comprehensive annotated CFR and exclusive access to the USCA®.

Current awareness: Stay on top of the latest news and trends in your practice area with Practical Law Legal Updates, Practitioner Insights, and Reuters News. Best of all, expert attorney-editors handpick the content most relevant to your practice area.

legalsolutions.com/practice-point
On the right side of every Practice Point page, you’ll have direct access to time-saving workflow tools. You’ll even notice the tools change by practice area and task.

**FEATURED TOOLS**

**Rulebooks:** Key federal laws, rules, and regulations are at your fingertips with Practice Point’s exclusive Rulebooks. Scroll up or down to neighboring rules or sections and click left to navigate quickly to a different Rulebook. Or, jump directly to a specific rule or section using a key term search such as “144a.” Rulebooks are available for Capital Markets & Corporate Governance, Corporate and M&A, and Finance.

**What’s Market:** What’s Market lets you search, compare, and analyze a range of public and private deals and filings. Key legal provisions have been summarized by the Practical Law team and all reports are downloadable into Microsoft® Word and Excel®.

**Business Law Center:** The Business Law Center is a comprehensive collection of U.S. SEC and global filings, regulatory disclosures and transaction summaries, and much more. This rich corporate content is enhanced by Westlaw functionality tools – such as filters, shareable folders, and annotations – to streamline your business law research.

**Company Search:** Access valuable private and public company information from Company Investigator. Review financial, structural, and personnel information to stay competitive or identify business opportunities to grow your business.

**State and Country Q&A:** Get up to speed on doing deals and conducting business around the world and from state to state.

**West LegalEdcenter® and Continuing Legal Education materials:** Find online continuing education courses in your practice area and state, and register for a course with West LegalEdcenter. Or, review continuing education course materials in your topical practice area via American Law Institute.

**Drafting Assistant Essentials:** Draft with confidence with our Drafting Assistant software’s most popular legal document drafting and analysis features.

**Public records:** Research public records effectively and efficiently with PeopleMap and its enhanced navigation that eliminates the need to perform multiple searches. Integration with Westlaw allows you to locate legal and public records with one global search.

**ENHANCE YOUR PRACTICE POINT EXPERIENCE**

**Folders, Favorites, and History:** Organize key documents and share your research with members of your research team, including anyone with a Westlaw subscription. Folders and History are shared between Practice Point and Westlaw. You can access a document foldered or viewed in Practice Point from the same-named folder or History in Westlaw, and vice versa.

**Search:** Easily drill down or broaden the scope of your search by entering a keyword or term into the search bar. Practice Point only returns results related to your browse path.

**Breadcrumb:** Trace your steps with the interactive breadcrumb. It shows you where you are and your browse path, allowing you to keep track of your activity and quickly jump back to a previous topic page.
