Tegrity – Record a Class
Uses microphone and/or webcam

- Requires ActiveX add-on
- Will ask to install on your computer
- Administrative rights needed to install
- Easy to install on personal computer
- Ask OIIIT to install on school computer
- Records whatever you do on the computer desktop- PDF, PowerPoint, Web
Tegrity app: Settings
Generate a code
Download app, enter code

Follow these instructions to connect to Tegrity with your iPhone or iPad:

1. Using your computer, access Tegrity as you normally do.
2. Click Settings and then click Generate Code.
3. A connection code will be displayed. Enter the connection code above to continue.
Flipped Classroom

...flips where homework and lectures take place
Advantages

- Faculty spend more time guiding, facilitating, and challenging students to learn more during class time.
- More time is available for student-teacher interaction.
Testimonial: Dr. Richard Finkel, College of Pharmacy
